

Demo of StackState's AIOps platform

Jeffrey van Wijck - Fruition Partners
Mark Arts - StackState

What makes StackState unique

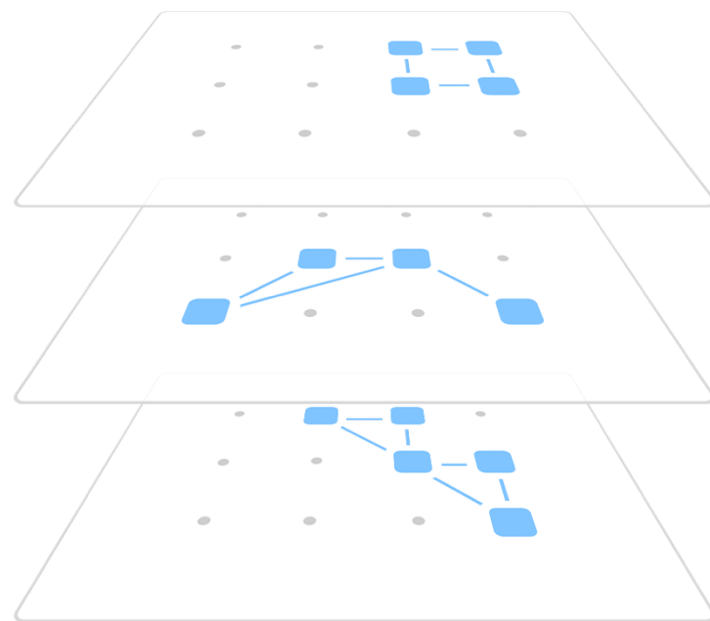

The 4T model explained

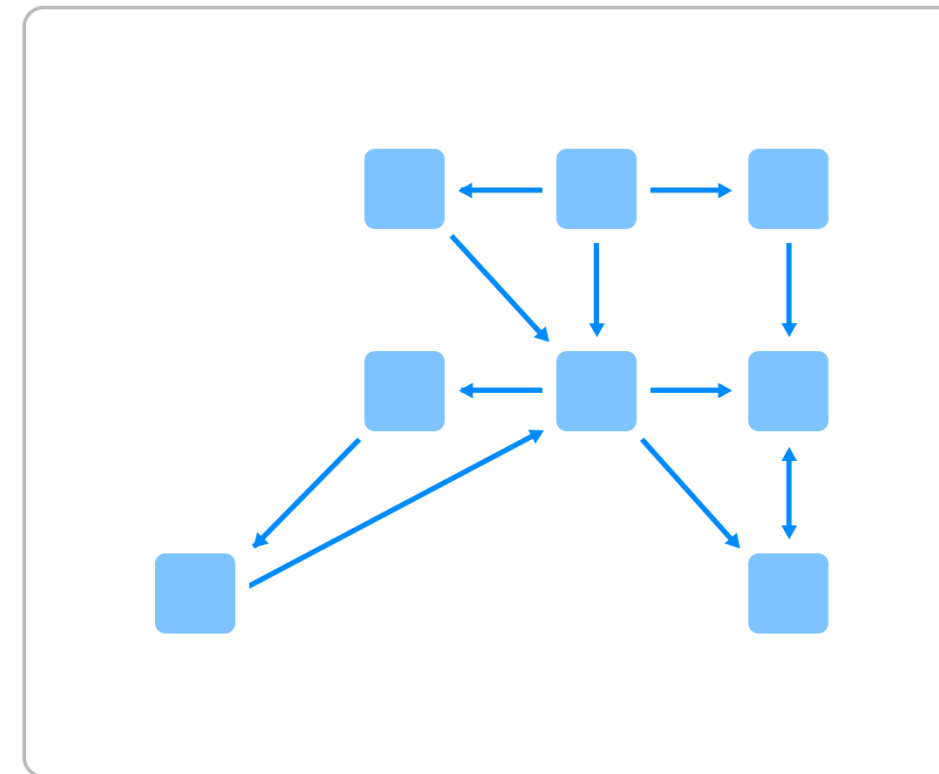

Topology

Full stack visibility. No more blindspots.

Topology

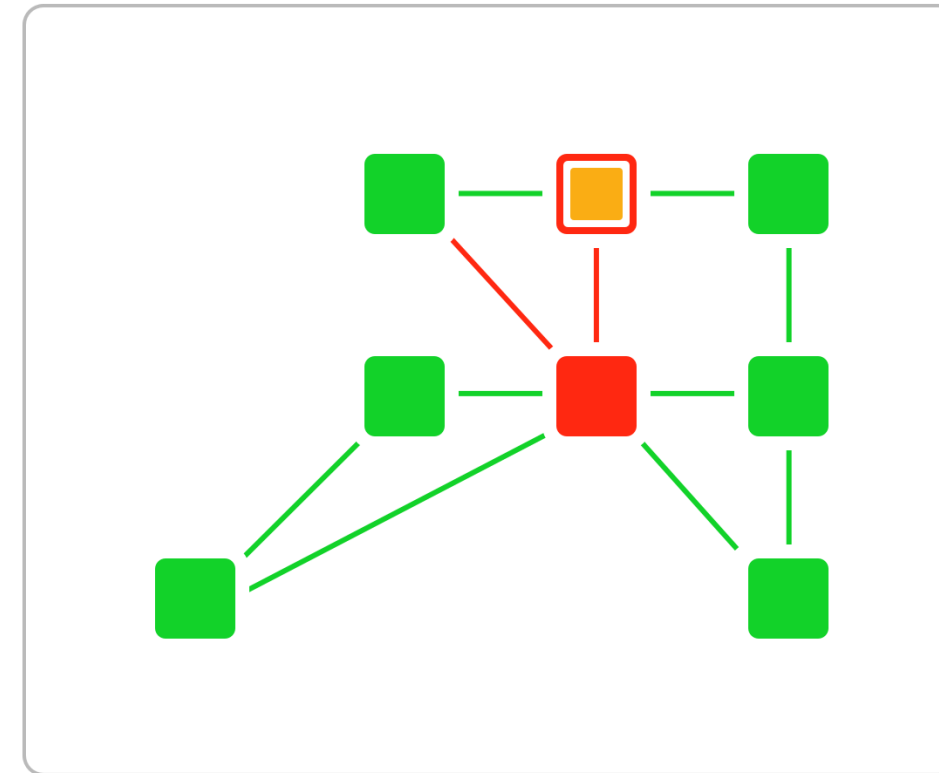

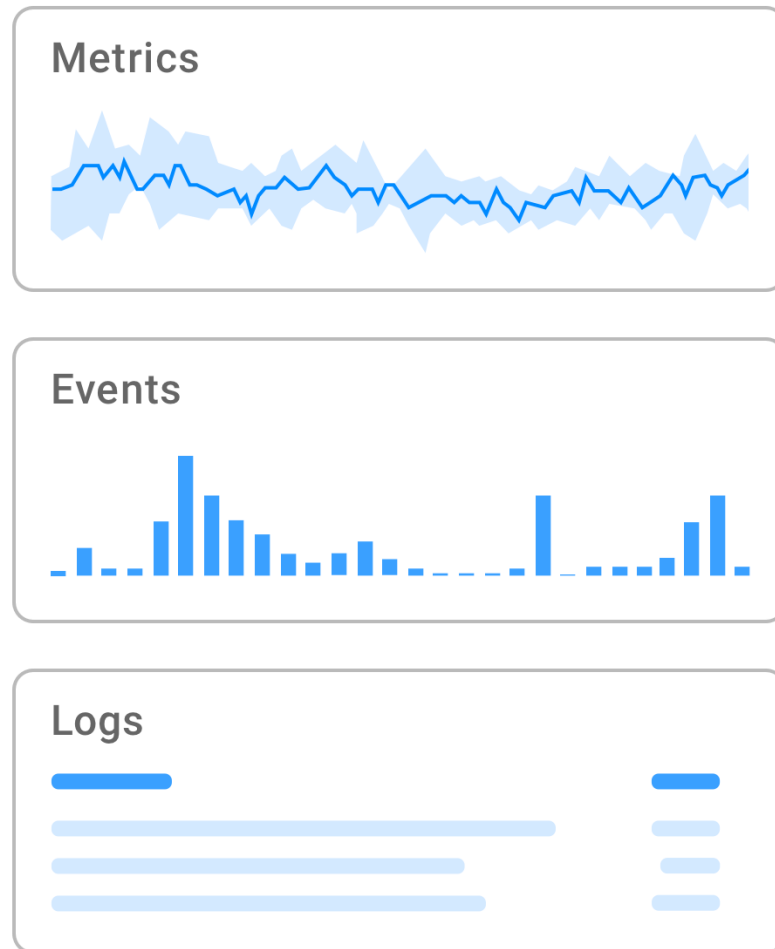

(A) (B) (C)

(A + B + C)

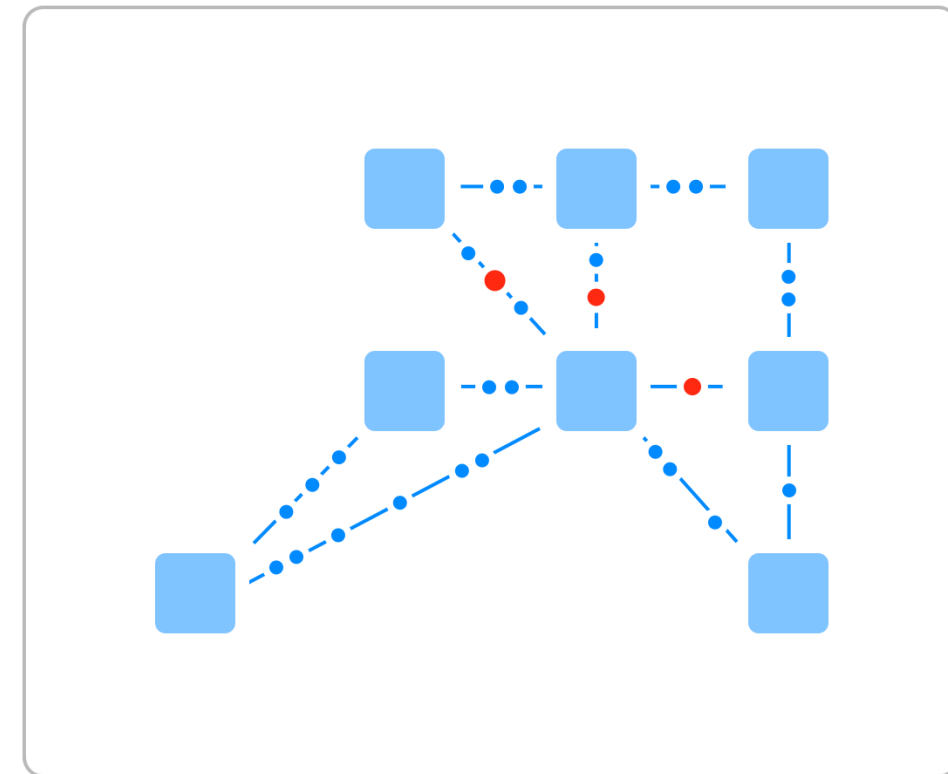

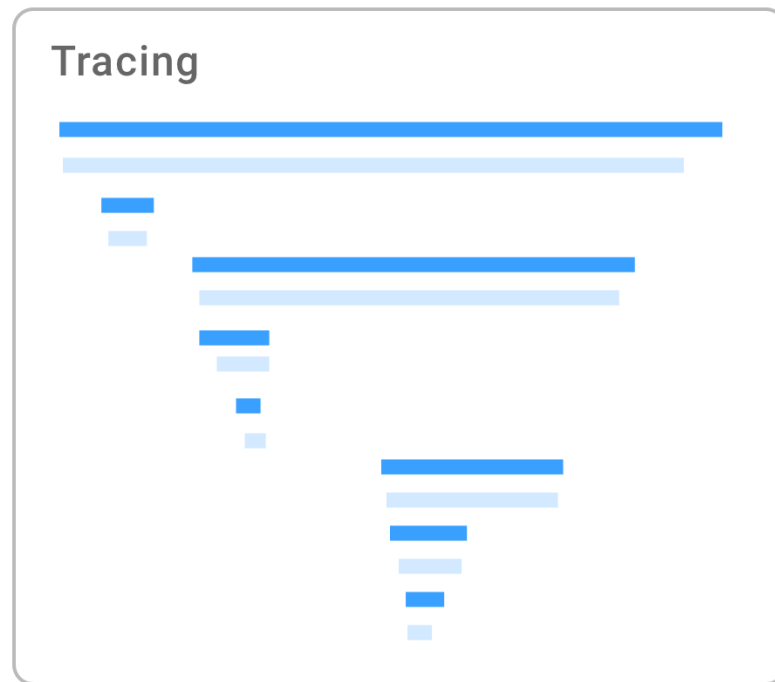

Telemetry

Open platform. Capture all data

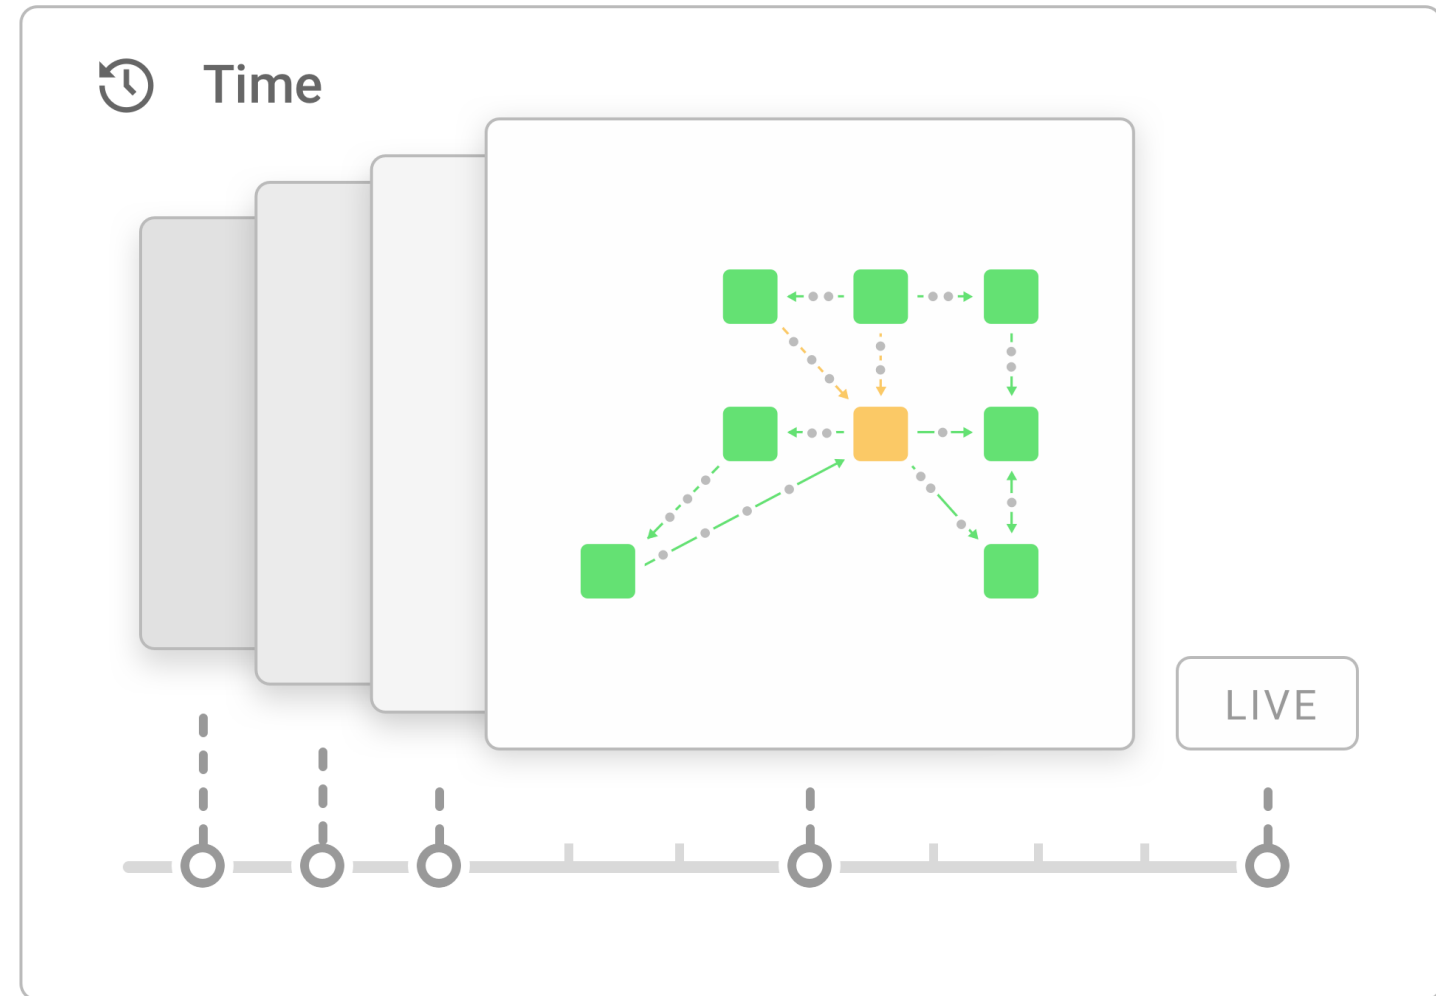

Tracing

Code level visibility. DevOps enabler.

Time See what happened. Before and after.

- Topology
- Telemetry
- Tracing

Demo

- **Common understanding of the landscape**
- **Super fast RCA**
- **Travel back in Time**
- **Impact Analysis**
